### DANIELSON

Before Judge W. Fenner Woodward of the town court here Thursday, George E. Smith, a farmer residing on the Green Hill road, pleaded not guilty to a charge of entering a house by two boys, aged respectively 8 and 10 years. Probable cause was found, however, for holding him for trial at the next term of the superior court having criminal jurisdiction and his bonds, which he furnished, were fixed at \$1,500.

ritory in the Wolf Den section of the town of Pomfret seriously threatened the destruction of the Sprout place, one of the pretty country residences of the town. Hard work by a force of fire fighters finally checked the flames, but not before some territory had been burned over and some cord wood destroyed.

It was with a great deal of satisfaction that the announcement was made Thursday afternoon that the entertainment, Ruth, the Menabites, given Wednesday evening in the Orpheum theatre for the benefit of the Old People's home netted \$214. "This is one of the finest boosts that the home fund has received since activities to raise money for the institution were commenced a few weeks ago."

Postmaster Raymond Allen said Thursday afternoon that the receipts of the Danielson office for the quarter just ended were slightly larger than for the corresponding quarter of last year. This is considered very unusual in view of the fact that business conditions during the past three months do not compare at all favorably with what they were during the first quarter of 1920. The receipts for the quarter just closed were \$4370 as compared with \$4307 for the same quarter of 1920, the gain being \$63.

Dispensing with a baggage master at the local station of the New Haven road has resulted not only in inconvenience to the traveling public but also in delays in transporting United States mails between the railroad station and the postoffice. It has been a regular practice for the baggage master to truck the mails from station to postoffice and vice versa. Now that this employee is off the job this transferring of the mails is left to a haphazard arrangement. It was said Thursday that the situation likely would be called to the attention of the postoffice department.

Basketball fans are anticipating seeing a great game Saturday evening when the Emeralds of Williamstown are coming here for the third and deciding game of the series to be played with the Conn. Mills team. Each team has won a game, and quite decisively, which leaves many in doubt as to which will really prove strong enough to win the series. Manager Robert Pellerin of the local team says he will have an aggregation of players on the floor that should bring home the bacon, but he is not looking for an easy win, being fully familiar with the great team that Williamstown is going to send over.

### PUTNAM

Baseball fans here were expressing their pleasure Thursday over the action of the house in passing the bill providing among other things that baseball may be played on Sundays after 2 p. m. Putnam has been a Sunday baseball town for several years, but the legislation during the winter in favor of suspending the privileges caused many followers of the game to believe that they would not have opportunities during the coming playing season to see the Sunday games. There is not so much interest here, it appears, in the clauses of the bill that has just passed the house providing for Sunday afternoon exercise in halls or theatres.

It was announced Thursday morning that the Hoover banquet at the Baptist church brought in \$114 for the Hoover fund for which a drive is underway here this week.
